

D

Réf. 7B

The absence of profiles between doors gives a minimalist design.

Vertical sealing joints with a new minimal design

with lower guide profile

WALL PROFILE

- 3 sliding doors, 5mm thick.
- No profiles between the doors (only minimalist and transparent sealing)
- Self-cleaning bottom guide, L.S.O. system for easy cleaning.
- Magnetic closing system through handle-profile, with closure on 45° to facilitate the sealing.
- For models with special and standard dimensions, compensation tolerance of ± 20 mm for wall bevells and in combination with side panels compensation of ± 10 mm.
- Free entry width approx.: 40% of the total frontal width
- For models with sliding door, it is not possible to change the position of the door no 1.
- For the installation of the product, there must be more than 7cm of separation between the upper guide of the screen and the ceiling

Duscho Plus Evolution®
