- 8 mm safety glass for the fixed panel and 8 mm for the door.
- Free access: 40% of total width.
- The door opens using a handle. If combined with central separator it's needed two handles.
- Magnetic closure for wall to wall models.
- Sealing bar (installation obligatory).
- Customizable upper profile guide with aluminium plate or Duscholux PanElla.

Push & Clean function for an easy care and cleaning, not included in UXM / UMC models.

Soft-close function (damped closure) included. This allows to open and close the door softly.
